About Us

Established in 1894, BATA was created as a farmer's cooperative and retains this structure today. Dedicated to supplying local farmers and those who live in the rural community, BATA specialises in offering quality products and services that support the livelihood and lifestyle of thousands of people who live and work in rural Yorkshire.

BATA is a leading supplier of agricultural and energy products to the wider rural community. From our own livestock feed manufacturing and storage facility, deliveries are made to farmers, small holders and home owners whilst our 11 Country Stores stock everything from animal feeds to wellington boots.

Job Purpose

We are looking for a hard working and reliable Mill Operative to join our team at BATA.

In this role you will be responsible for the safe and clean production of animal feed, including carrying out specific operations within the production process such as: intake, plant cleaning and basic maintenance. This role involves shift work, and post-holders are expected to follow the allocated rota system as updated and issued by the Operations Manager / Mill Foreman.

We are looking for someone with high standards, who can remain accurate while working in a fast-paced environment.

Preferably applicants would have previous experience within a mill environment. An interest or background in agriculture would be advantageous.
